For approx. 1 month

Weekdays: 8am to 5pm

Road closed

Please look out for advance warning signs on site for any date changes or check [one.network](#); [@HighwaysSurrey](#) on Twitter; [@Surrey Highways](#) on Facebook and [@surrey_highways](#) on Instagram

What we are doing

We are carrying out pavement reconstruction works on Crondall Lane, Farnham.

Extent of works:

Information for residents and businesses

Crondall Lane will be closed whilst we carry out our reconstruction works from opposite Beavers Road to West Street.

We will make sure you can get to and from your house or business when it is safe to do so. Please talk to a member of our staff on site if you need help – talking to our staff can solve most issues.

It is illegal to drive over the pavement to access your property unless there is a vehicle crossover. If you want access to park on your property, you will need to apply for a crossover. Vehicle crossovers can only be approved and constructed by application to the council; **they will not be included as part of this scheme.** If your property has been previously accessible by an unofficial vehicle crossover, due to an uneven or sunken kerb for example, this may be removed or altered as part of these works, as we may need to adjust or raise the existing kerb levels. We will not be raising existing vehicle crossings. For more information or to apply for a crossover - surreycc.gov.uk/roads-and-transport/permits-and-licences/vehicle-crossovers-or-dropped-kerbs.

Please cut back any overgrown vegetation, tree branches, hedges or shrubs from your garden that are hanging or growing over the pavement to expose the full width of the pavement surface before our works start.

Please do not park in the area where the team are working. These works will be carried out in stages along the road. We will try to give residents prior warning to move vehicles by marking the works area with cones and barriers and by placing no parking flyers on vehicles.

Noise

There will be some noise, but we will try to keep this to a minimum.

Customer feedback

We'd appreciate your feedback on these works to help us continue to improve. Please scan the QR code to fill out the online survey. Thank you in advance.
